Hole	Distance	Azimuth	Tee box	Hole notes	Dist to next tee	Azimuth to next tee
10	325 ft	351 degrees	Near start of south loop about 277' SW of #9	To the north, lots of big trees in the middle. Hole also tucked in trees near where path leaves pavement	249 ft	266 degrees
11	320 ft	135 degrees	#10 Just south of unpaved path about 250' west of	Midway between large tree clumps to SE. Mostly clear along paved path toward push up station	102 ft	225 degrees
12	285 ft	316 degrees	About 100' sw of #11 just across paved path.	Hole is in clear to the NW, but a number of smaller trees between tee and hole.	78 ft	248 degrees
13	361 ft	130 degrees	About 80' WSW of #12, across the unpaved path.	Hole is in clear to the SE just past south end of unpaved path, but lots of trees between tee and hole, mostly closer to hole.	66 ft	174 degrees
14	285 ft	78 degrees	Tee is just on other side of white fence to south	Hole is in clear to E, but you run risk of disc crossing white fence if you miss to left (north).	374 ft	94 degrees
15	244 ft	199 degrees	Tee is way to the east side of park in that clump	Hole is tucked in tree clump to the WSW (not the clump straight south.)	196 ft	272 degrees
16	598 ft	270 degrees	Tee is near those few trees in the middle of the open field about 200' west	In the open waaaaaay on west side of field! Trees not a factor but distance will be.... Esp. if a wind is coming from the west!	105 ft	321 degrees
17	576 ft	353 degrees	About 100' NW on trail leading out of park	Way to the north on other side of trees around Arm Press station.	75 ft	85 degrees
18	292 ft	86 degrees	Just on other side of unpaved to the east.	Almost straight east towards bar station. Several trees to contend with between tee & hole, but hole is kinda clear.
