DISC GOLF RULES

OBJECT: Play the course by making as few shots as possible from the tee area to the basket.

TEE OFF: The first throw on each hole must be released on the tee box or tee area.

THROWING ORDER: Lowest score on the previous hole tees off first. After the tee off, the player whose lie is farthest from the hole throws first.

LIE: Where the disc lands after each shot.

FAIRWAY THROW: Run-up and follow through are permitted as long as the position of the previous throw is not crossed.

PUTT: The final throw at the target from a short distance. The hole is complete when the disc lands in the target basket.

OUT OF BOUNDS: If the disc falls into the water, the next throw is taken at the bank where it went in. If having to take more than one stride from where the previous throw came to rest, a penalty stroke will be applied. One stride can be taken in any direction except closer to the hole.

COURTESY: Do not throw until other players (groups) are out of range. Please be courteous, do not litter, take care of the equipment and let faster groups “play through.”
