### Special Features

A creek comes into play on several holes.

### Miscellaneous

The course has had several incarnations over the years. I liked the original "pre-flood" layout more.

### Holes Birdied

3-5, 7, 9, 11-13, 15-17. (My best 9 holes was 25 on the front on 7/27/09.)

### Favorite Hole(s)

Definitely hole 11. Very scenic with the water on the right side and great risk vs. reward. Lots of variety too with 5 basket positions! 3. A scenic downhill hyzer shot to a green guarded by trees.

### Toughest Hole(s)

10. In the long position the hole demands long and accurate shots; plus the water on the right side can come into play

### Comments

Nice grassy fairways with scattered pines and scenic deciduous trees. Moderate elevation changes, and water in play on several holes. Excellent tee pads, many basket positions, and a great mix of hole lengths.
