### How to play Disc Golf

The object of the game is to have fun and complete the Disc Golf course with the least throws

1. Start from the Tee Pad. The player must throw from behind the front of the Tee Pad

2. Subsequent throws are played from behind the spot where the previous throw has landed. The spot is called the "lie". If the disc comes to rest in a tree or bush, the lie spot is on the spot on the ground directly below.

3. Subsequent Throws which land within 5 feet of a Golfer's hole must be moved behind the hole to the left or the right 10 feet and this shall be the lie spot

4. A run up and through are allowed, but the player must release the disc before stepping past the lie

5. A putt is a throw from within 10 meters (32.8 ft) of the target. When putting, you may not step past your lie before establishing balance.

6. The hole is completed when the disc comes to rest in the basket or chains. The hole is not complete if the disc is resting on top of the target.

7. If a throw goes out of bounds: Play from either the last in bounds location or retee with a 1 throw penalty
